The EKG Slot Awards

The EKG Slot Awards Show is produced by Eilers & Krejcik Gaming, LLC and is designed to recognize excellence in slot machine game development within the casino gaming industry.

The EKG Slot Awards Categories

The EKG Slot Award categories are determined by EKG principals and EKG Slot Awards Board of Advisors. Individual award winners will be determined by utilizing a data-driven approach to include both proprietary game performance data as well as a survey of qualified slot managers for land-based categories. For award categories where proprietary data is not available, the award winner will be solely determined by the survey responses. For the Social Casino and iGaming segments, winners will be determined by a distinguished panel of industry experts combined with EKG proprietary data.
